

service learning

Objective: Why do we require you to complete service learning hours? Because we want to promote social responsibility and encourage compassion for all.

How to get it done:

1. Plan to devote a minimum of **2 hours** to your service.
2. Make the most of your time by choosing a cause that is meaningful to you.
3. Ask a parent, guidance counselor or advisor for suggestions.
4. Contact the person involved and set up a time to provide your services.

Why do we require service learning?

Service-learning is a method by which young people learn and develop through active participation in thoughtfully-organized service experiences...

- that meet actual community needs,
- that are coordinated in collaboration with the school and community,
- that are integrated into each young person's academic curriculum,
- that provide structured time for young people to think, talk, and write about what they did and said during the service project,
- that provide young people with opportunities to use newly acquired academic skills and knowledge in real life, situations in their own communities,
- that enhance what is taught in the school by extending student learning beyond the classroom, and
- that help to foster the development of a sense of caring for others.
