Wahoo! Senior year. Oh, NO! Senior year.

What's your plan? Are you hoping to live with your mom and dad until you're thirty or have a future? Maybe you'd like to walk aimlessly through life not having any goals or plans for attaining success. Regardless, we hope you're prepared.

In just a short nine months you'll be leaving Aberdeen High School for an unknown world. Use this year and your portfolio to finalize your plan beyond high school.

Now I know what you are thinking... I hate the portfolio, but guess what... we listened. We heard your complaints and made a lot of adjustments. So set some goals, get recommendation letters ready, create an experience you'll never forget and present yourself. You deserve it, you've worked hard... Right?

-So quit your complaining and finish working on..
