

student led conference

Objective: To involve parents and advisors in planning an advisees future and to advocate for my success.

How to get it done:

1. Review the activity sheet with your advisor
2. Schedule an conference day and time with your parent/guardian
3. Organize your portfolio and prepare
4. ATTEND YOUR CONFERENCE! :)

THE PURPOSE

We believe that student involvement in the conferences makes learning active, provides opportunities for students to evaluate their performance, and encourages students to accept responsibility for their learning. Having students take charge of the conference makes them more accountable for what they are learning. In addition, this form of conferencing creates a partnership between the home and the school that is hard to get in any other way. Both research and experience have demonstrated that student-led conferences offer many benefits including the following:

- Stronger sense of accountability and pride in achievement among students;
- More productive student-teacher relationships;
- Greater parental participation in conferences; and
- Greater personalization for every student.

PREPARATION

- Know where and when your conference is scheduled
- Organize your portfolio so you know where everything is located
